A safe and convenient medication packaging system

TO PREVENT HOSPITALIZATION OR DOCTOR'S VISIT RELATED TO ERRORS IN TAKING MEDICATION

Dispill is an innovative and patented multi-dose packaging system that makes it easy to take your medication. Each Dispill blister pack contains 28 individual blisters that contain your prescribed medication for a specific time (morning, noon, evening, bedtime) and date.

FAST ACCESS TO ESSENTIAL INFORMATION : THE TOP OF EACH INDIVIDUAL BLISTER LISTS YOUR NAME, THE MEDICATION WITHIN AND THE TIME IT SHOULD BE TAKEN

Dispill also provides an effective medication reminder system - when a blister for a specific time is empty, then you know you have taken your medication. Carrying your Dispill blister pack lets you and all health specialists know about the medication you are taking.

- ✓ Filled directly by your pharmacist so there are no mistakes.
- ✓ Cleaner and more convenient than traditional pill boxes.
- ✓ Detachable and portable from one single dose to the desired quantity of doses.
- ✓ Color-coded for the time of day so you know exactly when to take your medication.
